

# A GUIDE TO EANS FUNDING FOR SCHOOLS

Enhance the ability to accelerate academic success for at-risk learners.

We believe we can provide advanced solutions that help schools understand and navigate funding resource to optimize their services and allocation.

## EANS

The EANS program offers vital support to non-public elementary and secondary schools through two key funding allocations:

### What is EANS I

As part of the Governor's Emergency Education Relief (GEER II) fund under the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act (December 2020), EANS I provides \$2.75 billion in funding. This allocation prioritizes non-public schools that enroll a high percentage of low-income students and have been heavily impacted by COVID-19. Schools can be reimbursed for eligible expenses incurred since March 13, 2020.

### What is EANS II

EANS II offers an additional \$2.75 billion through the American Rescue Plan (ARP) Act, enacted in March 2021. Under this second allocation, State Education Agencies (SEAs) provide services or assistance to non-public schools that also serve a large number of low-income students impacted by the pandemic. Unlike EANS I, EANS II does not allow reimbursements for expenses.

#### How Can EANS funds be used?

- Enhancing existing technology
- Develop and implement curricula or programs that promote student success
- Training and professional development for staff as well as hiring additional staff.
- Providing support services to students, such as mental health, counseling or transportation and much more...

## Our Programs

### Specialized Education Services

- School Psychology, Counseling & Social Work
- Special Education
- Language Learning
- Special Needs Nursing
- Clinic Services
- Health Screening

### School Health Programs

- Clinic Services Program
- Special Needs Nursing
- Health Screening
- Technical System Support

### Prevention, Training & Education

- Social & Emotional Learning
- Behavior Support & Intervention
- Suicide Prevention & Mental Health
- Academic Achievement

### Expert Partners

- A team that values Federal Funding.
- Teachers and Counselors that involve families to better support student growth.
